

X Dining Table

Product Information

The X table is delivered kerbside by us as standard please make sure you have enough help on hand to lift in position. The estimated weight of the table top is 120kg. Alternatively please get in touch for a full delivery & install cost.

We're all about keeping your floors and the X table base on good terms. That's why we've included felt pads. They'll guard your floors from scratches.

Installation instructions & owners guide will be provided.

Material: Solid 20mm thick concrete - GFRC

Finish: Matt Satin

Range of colours available

Metal frame powder coated in Black or Anthracite - any other colour required let us know.
